The proposed draft for the Amendment of the Mysore Court-Fees Regulation.

Whereas it is expedient to amend Section 7 clause (iii) of the Mysore Court Fees Regulation, it is enacted as follows :-

"Where the land forms an entire estate or a definite share of an estate paying annual revenue to Government (or to holder or holders of an alienated Village in which Survey Settlement has been introduced), or forms part of such estate and is recorded as aforesaid, and such revenue is settled, but not permanently, five times the revenue so payable."

Mr Krishnamurthi wants a reduction of Court fees in suits for lands in Kiran villages in which no Survey settlement has been introduced. He states that in these cases either the same amount of stamp fee as may be levied in regard to a similar extent of lands in suits villages may be ordered to be taken or if this is considered impossible a Court fee of 5 times the amount that may be fixed according to the discretion of each judge for several classes of lands not exceeding 1 Re per acre in the case of ~~wet~~ dry lands, 3 Rs. in the case of ~~dry lands~~ wet lands and 3 Rs in the case of garden lands may be levied.

This representation does not seem to be quite clear. Suits for garden lands are governed by ~~para 6 of sub clause~~ clause B of sub clause V of Sec 4. Mr Raghava Rao's reference to section 7 does not seem to be correct. He refers to ~~sub~~ para 6 of sub clause A of clause V of section 4.

3 Mr Raghavachar's suggestions are worthy of consideration They refer only to villages into which Survey and Settlement has been introduced. For this reason Mr Munthis' alternative suggestions need not be considered as they appear to be quite impracticable

4 Mr Raghavachar has sent in a draft amendment, in which reference is made to the "payment" to the holder. But it is possible that the owner of the land may not pay any rent or revenue to the owner of the alienated village. To cover such cases an alternative amendment somewhat as follows may be considered

Leg (S-1) 1A-11 (8)

Submitted to His Highness.

(1) It was represented at the Dasara Representative Assembly of 1909 that Court fees leviable under Section 4 of the Mysore Court Fees Regulation III of 1900 in respect of suits relating to lands situate in Inam villages are calculated either on the value of such lands or fifteen times the yield of such lands in the year previous to the suit, that in respect of lands in Government villages, the fees are calculated at five times the assessment and that such distinction may be removed by amending the Court Fees Regulation. The Government replied that there were many practical difficulties in carrying out the suggestion and that the matter could be considered if the Representative Member (Mr. V. Raghavachar) submitted detailed proposals in the shape of a draft bill.

(2) Mr. V. Raghavachar has submitted a draft bill to amend Section 7, Clause V(b) of the Court Fees Regulation III of 1900. Section 7 is apparently a mistake for Section 4 as the former has no sub-clause bearing ~~the~~ sub-number V(b).

(3) The amendment proposed, which, it will be seen, applies only to land in Inam villages into which Survey and Settlement has been introduced. Both the Councillors

2 Leg 15-9/1920 (9

are agreed as to the adoption of the proposed amendment to Section 4, Clause V(b) of the Court Fees Regulation. If approved, the bill will be placed before the Legislative Council.

From Mr. T. Ananda Rao, B.A. C.S.

Resident in Mysore.

My dear Sir,

I forward herewith copy of a Bill to amend the Mysore Court Fees Regulation, III of 1900.

2. As may be seen from the Statement of Objects and Reasons, the idea is to amend sub-head V of Section 4 so as to extend the favourable rule of valuation for Court Fee purposes contained in Sub-clause (b) of Clause A in respect of lands situate in unalienated villages to certain lands situate in alienated villages into which Survey and Settlement has been introduced. The holder of such a land pays full assessment on it just like the holder of a Government land, the only difference being that he pays it to a private person. There is no reason therefore why a heavier Court fee should be demanded in respect of such lands. The subject has been brought forward at the Representative Assembly on several occasions and the Durbar consider that the representation should be favourably viewed at least as regards lands on which full assessmen

as settled at a survey is paid to the Inamdar.

3. I am to add that the bill will be laid before the Legislative Council in the usual course.

Yours Sincerely

A Bill further to amend the Mysore Court Fees Regulation, 1900.

Preamble.

WHEREAS it is expedient further to amend the Mysore Court Fees Regulation, 1900;

His Highness the Maharaja is pleased to enact as follows:-

Amendment of Section 4, sub-head V.

1. The following shall be substituted for sub-clause (b) of clause A, under sub-head V of section 4, namely:-

"(b). Where the land forms an entire estate, or a definite share of an estate, paying annual revenue to Government or to the holder or holders of an alienated village to which the provisions of Chapters VIII and IX of the Land Revenue Code have been extended, or forms part of such estate and is recorded as aforesaid;

and such revenue is settled, but not permanently -

five times the revenue so payable;"

Statement of Objects and Reasons.

****

Under Section 4 of the Mysore Court Fees Regulation, III of 1900, the Court Fee in respect of suits relating to lands in Government villages is calculated at ten or five times the assessment on the lands according as they are situate in permanently or temporarily settled villages, while the Court Fee payable in respect of suits for lands in Inam villages is calculated either on fifteen times the net profits where such profits have arisen from the lands during the year next before the date of presenting the plaint, or on their market value. It has been represented by the members of the Representative Assembly that this works as a hardship in the case of holders of lands in alienated villages, and that the rule in respect of lands in Government villages should be extended at least to lands in alienated villages into which Survey and Settlement has been introduced. The Government are of opinion that the representation is a reasonable one and accordingly propose to place such lands, for purposes of valuation under Section 4 of the
